

IMPORTANT INFO FOR BAHAMAS REGISTERED VESSELS

New requirements:

The applicable officers of Bahamas registered vessels, which have ECDIS as primary means of navigation, are required to have completed both generic and ship specific ECDIS training.

The applicable officers of Bahamas registered vessels, which have ECDIS fitted but is not used as primary means of navigation, are required to have completed generic ECDIS training no later than 31 December 2016.

Please be informed that our Training centre is Bahamas approved training provider. Also, here is the list of ECDIS specific courses we have in our offer:
